NCR RealPOS™ 7455 Workstation

- Innovative and powerful solution for retailers
- Intuitive NCR RealPOS with DynaKey™ operator interface
- Compact integrated design
- NCR reliability and support

NCR recognizes that innovative and flexible solutions are required to meet the demands of today's dynamic retail environment. The NCR RealPOS 7455 Workstation combines advanced technology with the intuitive NCR RealPOS with DynaKey operator interface to help retailers deliver enhanced customer service while increasing productivity and efficiency.

Get more productivity with less training

The NCR RealPOS with DynaKey operator interface is an innovative operator interface for your point-of-service that can dramatically shorten training time for your new employees, while boosting the productivity of your experienced users. With a familiar ATM-style interface, the NCR RealPOS with DynaKey operator interface is designed to help store associates easily navigate through transactions, allowing increased interaction with NCR RealPOS customers and minimizing training time and costs. Your customers will note and appreciate the difference.

Compact yet powerful solution

Incorporating the latest notebook PC technology, the NCR RealPOS 7455 offers an exceptional combination of size, performance, and functionality. Its compact, integrated design saves valuable space at the checkstand while simplifying installation and cable management. And, with a wide range of standard and optional features including dual display support, wireless networking, multimedia, and Web-enabled capabilities, the NCR RealPOS 7455 provides the functionality needed to better serve your customers and associates.

Open architecture and retail packaging protects your investment

The NCR RealPOS 7455 provides an open platform with broad operating system support, while still maintaining the traditional reliability, security, and connectivity requirements for retail. It features durable impact-resistant cabinetry and employs multiple physical and electronic means to secure data. In addition, the system supports a variety of industry-standard peripheral interfaces including USB and RS-232, providing maximum configuration flexibility and investment protection.

NCR RealPOS 7455 Workstation

NCR at your service

Like all NCR products and solutions, the NCR RealPOS 7455 is supported by our highly responsive global services team. NCR is your partner for on-site support and much more. We offer complete solutions to your business challenges, incorporating business consulting, project management, customization, installation, power protection, training, staging, and maintenance services.
